## About Me

I am a computer science student with experience in software development, hardware integration, and programming. I have developed projects ranging from web and backend applications, to hardware based solutions. Currently, I am advancing my expertise through certifications in several IT related fields, while also completing my degree in IT. I am passionate and always excited to connect, learn, and take on new challenges.

## Work Experience

### ATA WOLF Consulting

IT support (Part-time ) August 2022 – Present

- Provided technical assistance by troubleshooting hardware, software, and network issues.
- Assisted users with account setup, system updates, and day-to-day IT support requests.
- Managed routine tasks such as data entry, document preparation, and invoicing

### Self-Employed

Freelance Web & Graphic Designer May 2023 – Present

- Designed visually appealing website layouts and graphics using web design applications and creative tools.
- Created responsive, user-friendly designs that matched client branding and goals.
- Worked with individuals and small businesses to deliver personalized design solutions.
